

Comprehensive Sales Performance Report

Executive Summary: This report provides a detailed performance analysis based on corporate sales data across major product categories, sub-categories, regional territories, and customer segments. The business achieved a **Total Sales revenue of \$2,297,200.86** against a **Total Cost of Goods Sold (COGS) of \$2,010,803.84**, yielding a cumulative **Total Profit of \$286,397.02** across a volume of **37,873 goods sold**. While overall margins remain healthy, significant variations exist across different lines of business, geographical states, and shipping modes.

1. Macro-Level Financial Performance

Metric	Value
Total Sales	\$2,297,200.8603
Total Cost of Goods Sold (COGS)	\$2,010,803.8386
Total Profit	\$286,397.0217
Total Quantity Sold	37,873 units

2. Category & Sub-Category Deep Dive

Macro Categories: Product categories are divided into three major segments. **Technology** drives both top-line revenue and bottom-line profitability.

- **Technology:** \$836,000 in sales | \$145,454.95 in profit (*Top Performing Category*)
- **Office Supplies:** \$719,000 in sales | \$122,490.80 in profit
- **Furniture:** \$742,000 in sales | \$18,451.27 in profit (*Lowest Margin Segment*)

Sub-Category Profitability Breakdown: A precise audit reveals distinct profit centers and operational leakage points.

- **Top Profit Creators:** Copiers (\$55,617.82), Phones (\$44,515.73 — generates highest sales at \$330,007), Accessories (\$41,936.64), Paper (\$34,053.57).
- **Deficit Centers (Net Losses):** Tables ((\$17,725.48)), Bookcases ((\$3,472.56)), Supplies ((\$1,189.10)).

3. Geographic Performance Analysis

Regional Revenue Distribution: Sales are strongly balanced towards coastal economic zones.

- **West:** \$0.73M in sales (*Highest regional sales*)
- **East:** \$0.68M in sales
- **Central:** \$0.50M in sales
- **South:** \$0.39M in sales

Top 5 Revenue-Generating States: California (\$457.69K), New York (\$310.88K), Texas (\$170.19K), Washington (\$138.64K), Pennsylvania (\$116.51K).

Loss-Making Territories: States experiencing total net losses include Texas, Tennessee, Pennsylvania, Oregon, Ohio, North Carolina, Illinois, Florida, Arizona, and Colorado.

4. Shipping Logistics & Operational Efficiency

Shipping Mode	Orders Processed	Avg. Days to Ship
Standard Class	5,968	5.01 days
Second Class	1,945	3.24 days
First Class	1,538	2.18 days
Same Day	543	0.04 days

5. Top Customer Performance Profile

- **Sean Miller:** \$25,043.05 sales | (\$1,980.74) profit (*Net negative asset*)
- **Tamara Chand:** \$19,052.28 sales | \$8,981.32 profit
- **Raymond Buch:** \$15,117.34 sales | \$6,976.10 profit
- **Tom Ashbrook:** \$14,595.62 sales | \$4,703.79 profit
- **Adrian Barton:** \$14,473.57 sales | \$544.81 profit
- **Ken Lonsdale:** \$14,175.23 sales | \$5,757.41 profit
- **Hunter Lopez:** \$12,873.30 sales | \$5,622.43 profit
- **Sanjit Engle:** \$12,209.44 sales | \$2,650.68 profit
- **Christopher Conant:** \$12,129.07 sales | \$2,177.05 profit
- **Sanjit Chand:** Key top ten volume contributor.

6. Focus Audit: Key Sample Products

- **Easy-Staple Paper:** 150 units sold | \$1,096.03 profit
- **Staples:** 215 units sold | \$292.20 profit
- **Staples in Misc. Colors:** 86 units sold | \$124.05 profit
- **Staple Envelope:** 170 units sold | \$751.63 profit
- **Ki Adjustable-Height Table:** 74 units sold | (\$248.48) loss

Key Tactical Recommendations

- **Address the Furniture Deficit:** The Furniture category (especially Tables at a -\$17,725.48 loss) needs immediate margin corrections or vendor restructuring.

- **Remediate Toxic State Deficits:** Implement pricing floors in Texas and Pennsylvania to stop structural net losses where gross sales are otherwise high.
- **Optimize Client Margins:** Restructure contracts or discount allowances for high-volume, negative-margin clients like Sean Miller to ensure top-line sales convert cleanly to net profits.
